## CENTRAL MEDICINE WAREHOUSE

**TERMS.**—The jobbing of Proprietary Medicines allows but a very small margin, making it necessary for us to turn our money rapidly, consequently the trade will observe that our terms are **NET CASH**, or prompt payment of Statements when rendered.

NEW YORK:  
CHARLES C. SHELLEY, PRINTER, 68 BARCLAY ST.  
1871.

## *To the Trade:*

Again we have the pleasure of presenting you with our Annual Medicine Catalogue. We shall endeavor always to keep on hand a full assortment of articles which sell in this market. Customers will, however, observe, that in consequence of their vast multiplicity, and the different sections of the country in which they are manufactured, we must necessarily at times run out of some. Therefore, we trust our patrons will be as indulgent as possible, and we shall make it a point at all times to fill any deficiency on their orders at the earliest possible moment. Although we herewith annex prices, we do not wish it to be understood that we cannot sell lower, but shall be pleased to give special quotations at any time; or, should you favor us with your confidence, and send orders by mail or otherwise, shall endeavor to give entire satisfaction as to prices, promptness of delivery, &c., &c. Buying these goods from first hands in large quantities, and being under light expenses (compared with other houses), enables us to sell from three to five per cent. lower, and still make a fair profit.

All orders for Drugs or other articles not in our line will receive prompt attention; but, in making such purchases, while we will use all care and our best judgment, we cannot assume any further responsibility. All goods will be packed with care, and shipped in good order, after which our responsibility is at an end.

P. S.—All orders should be accompanied with full shipping directions; also as to insurance.

Very respectfully, &c.,

C. N. CRITTENTON.
